

Public Meeting

Wednesday, February 24, 2010

6:30 to 8:00 p.m.

Kodiak Harbor Convention Center

211 Rezanof Drive ▪ Kodiak, Alaska 99615

The City of Kodiak invites you to attend a public meeting regarding the planning efforts for the City Waterfront, including improvements to accommodate cruise ship activities.

The planning effort will include:

- Examine existing waterfront facilities
- Evaluate potential future facilities
- Plan for use of City-owned waterfront property
- Balance the needs of tourism, the fishing industry, and local residents
- Evaluate improved pedestrian facilities from Pier 2 to downtown

The public meeting will be in an OPEN HOUSE format and participants may attend at any time during the scheduled hours. A brief presentation about the project will be made at 7:00 p.m., with a short question and answer portion taking place afterwards. Staff will be available throughout the duration of the meeting to discuss the project and provide answers to questions the public might have.

Public participation is vital at this stage. Hearing the ideas and concerns of the residents and business owners who live and work in the project area is an important factor to the success of the project. With your input, collaborative solutions can be developed to provide an efficient and enjoyable downtown experience.
