

KODIAK CITY COUNCIL

WORK SESSION AGENDA

Tuesday, January 10, 2017

Kodiak Public Library Multi-Purpose Room

7:30 p.m.

Work sessions are informal meetings of the City Council where Councilmembers review the upcoming regular meeting agenda packet and seek or receive information from staff. Although additional items not listed on the work session agenda are sometimes discussed when introduced by the Mayor, Council, or staff, no formal action is taken at work sessions and items that require formal Council action are placed on a regular Council meeting agenda. Public comments at work sessions are NOT considered part of the official record. Public comments intended for the "official record" should be made at a regular City Council meeting.

Discussion Items

1. Public Comments (limited to 3 minutes)
2. Discussion With State Legislator(s).....1
3. Advisory Board Interviews5
4. Economic Development Discussion19
5. Elected Officials Training/Travel Requests
6. January 12, 2017, Agenda Packet Review

**CITY OF KODIAK
RESOLUTION NUMBER 2016-42(SUB)**

**A RESOLUTION OF THE COUNCIL OF THE CITY OF KODIAK ADOPTING
A FY2018 STATE CAPITAL IMPROVEMENT PROGRAM LIST**

WHEREAS, the City of Kodiak uses a Capital Improvements Program planning process to identify the capital improvement project needs of the community; and

WHEREAS, this identification and planning process plays a vital role in directing the City's administration and is utilized as a long-range planning and policy setting tool for City infrastructure maintenance and enhancement; and

WHEREAS, the City of Kodiak is committed to paying its way to the greatest extent possible, but the cost of some of the City's capital project needs are greater than the resources available locally; and

WHEREAS, the Kodiak City Council has identified and prioritized capital improvement projects for submission to the Alaska State Legislature and Governor for funding consideration due to their significance and/or magnitude; and

WHEREAS, the National Marine Fisheries Service identified Kodiak as the second largest commercial fishing port in the United States in terms of volume and third largest in terms of value of product landed in their most recent national report, and the City requires a large infrastructure to support this commercial activity; and

WHEREAS, the City of Kodiak relies upon the State of Alaska's legislative and matching grant programs and revenue sharing to continue to keep its economy strong.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Kodiak, Alaska, that the following infrastructure replacement/improvement projects and issues are considered of primary importance and are hereby adopted as the City of Kodiak's FY2018 State capital improvement project and issues list:

1. New Fire Station, Phase II **\$ 4,000,000**

The City of Kodiak identified the need to replace its fire station and has been working toward a replacement plan since 2004. The building has clearly outlived its design life. The building is composed of three structures and sits on a site that is currently very limited. The structure is built of cement block type construction built in the 1940s with two block and wood frame additions added in the 1960s and 1975. The structure poses a significant risk of failure in a seismic event. Cracks in the walls and initial separation of one of the additions from the rest of the structure occurred following the large 7+ earthquake in 2016. It has ongoing plumbing, drainage, and water infiltration issues. The facility houses fire and rescue apparatus, three ambulances, and many types of specialty equipment and medical supplies that support the Advanced Life Support services offered to the entire Kodiak area well beyond the City

boundaries. The building condition poses constant challenges and problems to the crews who work and live in the structure. Work to replace this building must continue because it is a key emergency response and life-safety facility for Kodiak and continues to require constant maintenance.

The City proposes completion of the project in three phases. Phase I of this project with a budget of \$1,110,000 and funded by the City was used to study the site, which was determined to be the best site for a new facility once a derelict building is removed. It includes the removal of the old building, site grading, and other work following the demolition of the old building. Phase II would include a site preparation package completed prior to building construction, would make the project more affordable to do in phases, would reduce the impact to the active fire station, and benefit the transition to a new building. It would include design, re-routing of underground utilities, and provide a graded pad for temporary facilities and emergency services equipment. Phase II would total \$4,000,000 and be constructed with the building design anticipated for FY 2018. The remainder, an estimated \$10,000,000, would be required to complete construction and furnish the facility.

The City of Kodiak is requesting funding for Phase II of the New Fire Station project from the State in an amount of \$4,000,000 to ensure the project continues to move forward. This project may also be suitable for a GO Bond package in the event the legislature pursues bonds as a capital budget financing mechanism.

2. Community Assistance Program

As the cost of providing governmental services rise, the City of Kodiak must rely on and use all sources of revenue carefully to meet its obligations. The City received \$249,981 in revenue sharing this year, a substantial drop from the \$377,926 in FY2016. The City urges the State to continue to provide revenue sharing to local governments through this program.

3. Shelikof Street Bulkhead Parking

\$1,100,000

In 2009, the City identified the need for pedestrian improvements from Pier II to downtown Kodiak as the preferred pedestrian route for cruise ship passengers to safely walk the street into the town center and to improve facilities for local residents, workers, and businesses that use the pier, street, and access to the City's adjacent 250 slip boat harbor. The first phase of the project, construction of an ADA accessible sidewalk, new retaining walls, improved lighting and parking, and utility work was completed in 2013. The second phase of the project will be completed by January 2017. This phase covered geotechnical investigation, design, permitting, mapping, preparation for permitting through the Army Corps of Engineers, and completion of the design to accommodate a 30 space bulkhead parking area on the south side of Shelikof Street adjacent to St. Paul Harbor. The roadway area adjacent to the proposed bulkhead parking is highly congested. Due to lack of adequate parking, vehicles block walkways, equipment operates in the ROW, and access to businesses is often blocked, forcing pedestrians into the roadway. Construction of additional off-road parking will direct pedestrian traffic out of the congested roadway. The net increase in parking will benefit

harbor users and retail businesses along Shelikof Street. It will provide improved and safer pedestrian access from Marine Way to the fish processors in the immediate area. The task for this phase will be to complete construction of the bulkhead parking area, including curb and gutter, paving, lighting, and utility relocates.

The City of Kodiak is requesting state funding assistance for the final construction of this project, including administration, in the amount of \$1,100,000 to enhance pedestrian and vehicle safety. Funds are requested through the Cruise Ship Excise Tax program or through a legislative grant. This project may also be suitable for a GO Bond package in the event the legislature pursues bonds as a capital budget financing mechanism.

Subject: P&R Advisory Board Rec.

To Whom It May Concern:

I would like to recommend Erica Kostelecky to continue to serve as the student representative for the Kodiak Board of Parks and Recreation. Erica has proven herself to be a responsible young lady who understands the importance of student voice and serving our student body and her community.

I unreservedly support Erica in her future service. Please contact me with any questions.

Thank you.

City of Kodiak

Audience: City Council Members, City Staff (Manager, Assistant Manager, CFO, Community Development, Harbormaster), KCC, Discover Kodiak, Kodiak College, Processors, ANCs, Retail, TBD as time permits.

Pre-Facilitation Interview Questions

Preface: There is no right or wrong answer. All responses will be kept confidential. The purpose is to help focus the discussion on January 10.

Economic Development: Encourage private sector investment that leads to living wage jobs and a stable tax base that supports a vibrant quality of life. Use public investments to leverage or incentivize targeted private sector investment. Create a positive business climate.

1. Tell me about your interest in economic development for Kodiak.
2. From your perspective, how is the local economy performing?
3. What past economic development efforts in Kodiak (or in other communities) do you think provide a model for successful economic development?
4. Are there any economic development initiatives or policy changes that you think the City of Kodiak should be considering?
5. Review key economic metrics available at the local and borough levels (brief hand-out)
6. Do you think the COK needs to revise its approach to economic development? If so, what would a successful effort look like?
