

## Kodiak Area Emergency Services Organization

---

### **KODIAK, ALASKA, FOR IMMEDIATE RELEASE: November 10, 2020**

The Kodiak Emergency Operations Center has been notified of positive test results for COVID-19 associated with the Kodiak Island Borough.

**Two (2) new cases have been reported for the Kodiak Island Borough. One is a Kodiak resident whose contraction of the virus is unknown community spread, and one is a close contact of a previously announced case.**

Contact tracing investigation is underway. Healthcare staff will remain in contact with the individual to ensure continued self-isolation and care. **This brings the case count associated with the Kodiak Island Borough to one hundred and forty-six (146); sixteen (16) cases are currently classified as active.** Nine individuals recently completed their isolation period and have been removed from the active case total.

**If you aren't feeling well, please stay home!**

**When planning travel, please also plan for a couple days off at home and testing before returning to normal activities in case you become ill.**

If you are not sick, please continue to take precautionary measures to stay healthy:

- Wear as mask/face covering when out in public
- Keep your social circles small and gatherings limited.
- Maintain social distancing (six feet of distancing between you and others) who are not in your household.
- Wash your hands often with soap and water for at least 20 seconds, especially after using the bathroom; before eating; and after blowing your nose, coughing, or sneezing.
- Cover your cough or sneeze with a tissue, or cough or sneeze into your elbow.
- Clean frequently touched surfaces and objects daily (e.g., tables, countertops, light switches, doorknobs, and cabinet handles) using a regular household detergent and water.
