

KODIAK, ALASKA, FOR IMMEDIATE RELEASE: May 28, 2021

KODIAK COVID-19 WEEKLY CASE UPDATE: May 21-27, 2021

The Kodiak Emergency Operations Center has received new COVID-19 case information for the Kodiak Island Borough.

Six (6) new cases have been reported for the Kodiak Island Borough.

- **One (1) case was tested on 5/20/21 and is considered community transmission**
- **One (1) case was tested on 5/24/21 and is considered community transmission**
- **Four (4) cases were tested on 5/25/21**
 - **Two (2) cases are considered community transmission**
 - **Two (2) cases are considered close contacts of previously announced cases**

This brings the current case count associated with the Kodiak Island Borough to one thousand, one hundred and thirty (1130); seven (7) cases are classified as active locally.

To date, there have been a total number of forty-seven (47) local hospitalizations and five (5) deaths associated with COVID-19. One (1) active case is currently hospitalized in Kodiak; one (1) case was transported off island for a higher level of care.

The COVID-19 virus is highly contagious and is still present in our community; please continue to take appropriate precautions to keep yourself and our community healthy.

- Wash your hands often.
- Stay home and away from others if you are not feeling well!
- When planning travel, plan for a few days off at home and testing before returning to normal activities in case you have carried the virus with you.
- Contact your health care provider or local pharmacy if you wish to be vaccinated.
- Continue to wear a mask in public places if you are not vaccinated.
