Section 1: Agency Telephone Directory

NOTE: For initial notification and call out of the Kodiak Incident Management Team, refer to the ACTIVATION CALL OUT PROCEDURES in SECTION 2 of this volume, DISASTER DECLARATION AND REPORTING.

The following pages contain telephone and facsimile numbers for local, state and federal agencies and organizations with a potential role in emergency response. This information is included to facilitate contact with and notification of key agency personnel in the event of a natural or manmade disaster. It will NOT be necessary to contact every agency listed for every incident. Likewise, certain emergencies may require additional notification of individuals or agencies not listed in this section. The Incident Commander and Incident Management Team personnel should use this section as a reference tool, both as an at-a-glance telephone/fax directory and as a memory jogger identifying local, state and federal agencies that may be able to offer additional support and assistance during a local emergency incident.

Section 2: Emergency Services Resources

This section contains general agency resource information for emergency services in Kodiak. Resource information includes both equipment and personnel, and is presented here to provide at-a-glance information regarding general staffing levels and agency capabilities.

Local Emergency Service Resource Agencies in Kodiak include the following:

- Kodiak Fire Department (486-8040)
- Bayside Volunteer Fire Department (486-4536)
- Women's Bay Volunteer Fire Department (487-4312)
- U.S. Coast Guard Fire Department (487-5808)
- Kodiak Island Search and Rescue (486-4121)

KODIAK FIRE DEPARTMENT

219 Lower Mill Bay Road Kodiak, AK 99615

Emergency – Dial 911

Phone – 486-8040

Fax – 486-8048

Description:

Kodiak Fire Department is a Department of the City of Kodiak with full time paid staff of approximately 11 EMS/firefighters as well as approximately 20 volunteers. The Fire Chief reports directly to City Manager and serves as [Deputy] Incident Commander under Kodiak Incident Management Team structure. Capabilities include structural and marine firefighting, rescue, and emergency medical service. Equipment resources include engines and ambulances as well as several smaller vehicles. Communications capabilities include both VHF radios and mobile phones.

BAYSIDE FIRE AND RESCUE

4606 Rezanof Drive East Kodiak, AK 99615

Emergency Dial 911

Phone – 486-4536

Fax – 486-3025

Description:

Bayside Fire and Rescue operates under a full-time paid Fire Chief and is staffed by approximately 25 volunteers. Capabilities include structural and wildland firefighting, with limited emergency medical services (primarily first responders, a few EMT/ETTs). The department has an engine and water tender, and the station is co-located with the Bayside Training Center. The Bayside Fire Chief works under the Kodiak Area Fire Chief during a multi-jurisdictional incident. Bayside Fire and Rescue is an agency of the Kodiak Island Borough.

WOMENS BAY VOLUNTEER FIRE DEPARTMENT

528 Sargent Creek Road Kodiak, AK 99615

Emergency Dial 911

Phone – 487-4312

Fax – n/a

Description:

Women's Bay Volunteer Fire Department operates under a volunteer chief and is staffed by approximately 12 volunteers. Capabilities include structural and wildland firefighting and first responder first aid, with limited emergency medical capabilities. The Women's Bay Fire Department operates a fire engine and water tender, and has a small station with no emergency power. The Women's Bay Fire Chief works under the Kodiak Area Fire Chief during a multi-jurisdictional incident. The Women's Bay Volunteer Fire Department is an agency of the Kodiak Island Borough.

U.S. COAST GUARD FIRE DEPARTMENT

USCG Integrated Support Command (ISC) Kodiak Kodiak, AK
99619

Emergency Dial 911

Phone – 487-5808/487-5777

Fax – 487-5361

Description:

The U.S. Coast Guard Fire Department operates as part of the Coast Guard Integrated Support Command Kodiak, and generally only responds to incidents involving Coast Guard Property or at the State Airport. However, the Coast Guard Fire Department, through Mutual Aid Agreements, responds to help other agencies in response to a variety of emergency situations. The USCG Fire Department operates under the command of a Fire Chief, with 3 Assistant Chiefs, 6 Captains, and 22 civilian firefighters. All personnel are civil service employees. All firefighters are EMT- 1, 2, or 3 level certified. The department staffs structural firefighting apparatus as well as Crash-Fire-Rescue apparatus, and responds to all aircraft emergencies at the State Airport and the Coast Guard Air Station.

KODIAK ISLAND SEARCH AND RESCUE (KISAR)

Emergency Dial 911

Phone – 486-4121 or 486-3414 or 487-4046 or 654-KISAR (must be activated through Alaska State Troopers - 486-4121 or 911)

Description:

Kodiak Island Search and Rescue is a volunteer organization with approximately 25 responders. KISAR is led by a president and vice president, and can only be called out/activated by the Alaska State Troopers. KISAR members have a broad range of skills and abilities, and the organization's capabilities include mountaineering and ski search and rescue, emergency medical response, avalanche rescue, search dog teams, and kayaking. The group does not maintain any dedicated apparatus, and the search dogs are trained and kept by their individual owners. The group has access to a variety of search and rescue gear, including rock climbing equipment, ski patrol sleds, first aid resources, tents, litters, and snow and ice equipment. KISAR can call-out statewide search dog teams and mountain rescue teams from Anchorage, Fairbanks, Juneau, and Sitka if needed to supplement a local response.

The group works primarily on ground-based searches, but may also use kayaks to search near coastal/shoreline areas.

Section 3: Hospital, Medical, and Public Health Resources

This section contains general agency resource information for the hospital and medical resources in Kodiak. Resource information includes facilities, capacities for emergency care, equipment and personnel, and is presented here to provide at-a-glance information regarding general staffing levels and patient care capabilities available locally.

Local Hospital and Medical Resources in Kodiak include the following:

- Providence Kodiak Island Medical Center (486-3050 or 486-3281)
- Alaska Department of Health and Human Services/Public Health Service (486-3319)
- Alaska Department of Environmental Conservation/Food Safety and Sanitation Field Office (486-3350)
- Kodiak Island Medical Associates (486-6065)
- North Pacific Medical Center (486-4183)
- U.S. Coast Guard Rockmore-King Medical Clinic (487-5757)
- Kodiak Area Native Association (486-9870)

PROVIDENCE KODIAK ISLAND MEDICAL CENTER

1915 Rezanof Drive Kodiak, AK 99615

Phone -- 486-3050 or 486-3281

Description:

Providence Kodiak Island Medical Center is the largest hospital facility on Kodiak. Although this is the largest medical facility in the Kodiak region, it is not equipped or staffed to deal with large, mass casualty incidents.

ALASKA DEPARTMENT OF HEALTH AND HUMAN SERVICES/PUBLIC HEALTH SERVICE

316 Mission Road, Room 207, Kodiak, AK 99615

Phone -- 486-3319 Fax -- 486-8149

Description:

The Alaska Department of Health and Human Services/Public Health Service (DHSS/Public Health) has a local office in Kodiak staffed by 3 public health nurses, 1 RN, and 2 administrative personnel. In the event of a disaster or public health emergency, the Public Health Service is prepared to respond to bioterrorism threats and assist communities in recovery. This may include: disease surveillance and contact investigation, administration of vaccines and prophylactic medications, mobilizing community partners, assessing and evaluating health issues, controlling communicable disease, monitoring community health status, and assisting with the enforcement of laws and regulations that ensure and protect the health of the public.

ALASKA DEPARTMENT OF ENVIRONMENTAL CONSERVATION/FOOD SAFETY AND SANITATION FIELD OFFICE

316 Mission Rd., Kodiak 99615

Phone - 486-3350

Description:

Department of Environmental Conservation (ADEC) Food Safety and Sanitation Field Office is located in Kodiak. ADEC Food Safety & Sanitation collects environmental samples and takes samples of food, drinking water, pool water, wastewater, and pesticides during inspections as needed for laboratory analysis. The department also investigates illness related to food, water, or environmental exposures and refers findings to the Department of Health and Social Services/Division of Public Health, Epidemiology Section as needed. ADEC Food & Safety Sanitation also responds to bioterrorism threats or events.

KODIAK ISLAND MEDICAL ASSOCIATES

1818 East Rezanof Drive Kodiak, AK 99615

Phone -- 486-6065 or 486-3281 (after hours emergency)

Description:

Small clinic facility with approximately five physicians (internal medicine, general and family practice); 1 Physician Assistant, and 1 Advanced Nurse Practitioner. Clinic hours are 8am to 5pm, Monday through Friday. KIMA physicians and nurses report to PKIMC whenever the hospital disaster plan is initiated.

NORTH PACIFIC MEDICAL CENTER

104 Center Avenue, Ste. 100 Kodiak, AK 99615

Phone -- 486-4183 or 486-3281 (after hours emergency)

Description:

Small clinic facility with approximately 2-3 family practice physicians. Clinic hours 8am to 5pm, Monday through Friday. Emergency services, surgery, and long-term patient care provided through Providence/Kodiak Island Medical Facility.

USCG ROCKMORE-KING MEDICAL CLINIC

U.S. Coast Guard Base, Kodiak, AK 99615

Phone – 487-5757 or 487-5222 or 911

Description:

Military medical facility. Emergency medical care for active duty military only. Facility not available for civilian care, however may be made available during mass casualty or extreme emergency. This is the only medical facility on Bells Flats (west) side of airport.

KODIAK AREA NATIVE ASSOCIATION

3449 Rezanof Drive East Kodiak, AK 99615

Phone -- 486-9870 or 800-478-5721

Description:

Small medical and dental clinic for Alaska natives. Provides health care support for Kodiak area villages and outpatient services.

Section 4: Law Enforcement Resources

This section contains general agency resource information for law enforcement resources in Kodiak. Resource information includes both equipment and personnel, and is presented here to provide an at-a-glance reference regarding general staffing levels and agency capabilities.

Local Law Enforcement Agencies in Kodiak include the following:

- Kodiak Police Department (486-8000)
- Alaska Department of Public Safety, State Troopers, "C" Detachment, Kodiak Post (486-4121)
- Alaska Bureau of Wildlife Enforcement (486-4761)
- U.S. Coast Guard Military Police (487-5266, 487-5555)
- Civil Air Patrol – Kodiak Composite Squadron (486-4060)
- Alaska State Parks – Division of Outdoor Recreation, Kodiak District (486-6339)

KODIAK POLICE DEPARTMENT

217 Lower Mill Bay Road Kodiak, AK 99615

Emergency – Dial 911

Phone -- 486-8000

Fax -- 486-8023

Description:

The Kodiak Police Department (KPD) has approximately 16 officers and detectives, a dispatch staff of 8 led by a Dispatch Sargent, an animal control officer, a parking enforcement officer, and a small administrative staff. The KPD has the largest detention facility in Kodiak, with several cells equipped as 14-day holding facilities. The Police Chief is considered a city department head and reports directly to City Manager.

ALASKA STATE TROOPERS “C” DETACHMENT

Kodiak Post

211 Bartel Ave. Kodiak, AK 99615

Emergency Dial 911

Phone – 486-4121

Description:

The Alaska State Troopers “C” Detachment is a division of the Department of Public Safety. The Kodiak Post is led by a Post Commander (Sergeant), who oversees a staff of approximately six troopers and three civilian dispatchers. The Kodiak Post Commander is the search and rescue coordinator for all land searches in Kodiak Island Borough.

USCG ISC KODIAK MILITARY POLICE

Integrated Support Command Kodiak, Kodiak, AK 99619

Emergency Dial 911

Phone – 487-5266, 487-5555

Description:

The Military Police have jurisdiction on Coast Guard property, which includes segments of Rezanof Drive beyond the ISC Kodiak base. The Military Police are tied into the Kodiak Police Department 9-1-1 service by a direct phone line. The ISC Military Police can call-up additional federal law enforcement and public safety resources, including the 103rd Civil Support Team in Anchorage and the Military Explosive Ordinance Detachment (EOD).

CIVIL AIR PATROL – KODIAK COMPOSITE SQUADRON

Kodiak Municipal Airport

Phone – 486-4060, Fax – 486-2004

To activate the Kodiak Island Composite Squadron, call the Anchorage R.C.C. – 800-420-7230 or 907-428-7230

Description:

The Civil Air Patrol, which is an auxiliary organization administered by the U.S. Air Force. CAP has one dedicated aircraft available for year-round use.

ALASKA STATE PARKS (DIVISION OF PARKS AND OUTDOOR RECREATION), KODIAK DISTRICT

Kodiak District Office

1400 Abercrombie Drive, Kodiak, AK 99615

Phone – 486-6339

Description:

The Alaska State Parks, Kodiak District is a division of the Department of Natural Resources. The Kodiak District handles State of Alaska law enforcement in State Park Units under joint jurisdiction with the Alaska State Troopers (and joint jurisdiction with the USCG ISC Kodiak Military Police at the Buskin River State Recreation Site only).

Section 5: Public Works Resources

This section contains general information about public works resources in Kodiak. Resource information includes both equipment and personnel, and is presented here to provide an at-a-glance reference for equipment availability, general staffing levels and agency capabilities.

It is also important to recognize that heavy equipment and other public works related resources may be available locally through private vendors. Section 7 of this volume contains contact information for private vendors, such as equipment rental and construction services, that may be able to provide equipment and personnel to supplement public works functions during an actual event.

Public Works agencies in Kodiak include the following:

- City of Kodiak Public Works Department (486-8060)
- Kodiak Island Borough Facilities/Engineering (486-9343)
- State of Alaska Department of Transportation & Public Facilities/Airport and Highway Maintenance Division (487-4592)
- U.S. Coast Guard Facilities Engineering Division (487-5320)
- City of Kodiak Harbor Operations (486-8080)
- United States Postal Service (349-5355)

CITY OF KODIAK PUBLIC WORKS DEPARTMENT

2410 Mill Bay Road Kodiak, AK 99615

Phone -- 486-8060

Wastewater Treatment Plant Phone – 486-8076

Fax -- 486-8066

Description:

The Kodiak Public Works Department is a department of the City of Kodiak with full time paid staff of approximately 25.

KODIAK ISLAND BOROUGH FACILITIES/ENGINEERING DEPARTMENT

710 Mill Bay Road, Kodiak, AK 99615

Phone – 486-9343

Fax – 486-9378

CITY OF KODIAK HARBOR OPERATIONS

403 Marine Way Kodiak, AK 99615

Phone -- 486-8080

Fax -- 486-8090

Description:

The Kodiak Harbor Operations Department consists of a Harbormaster and Deputy Harbormaster, eight patrol harbor officers, and three administrative personnel

Section 6: Shelter Resources

This section identifies several facilities that could be used for mass-care shelters in the event of a disaster emergency requiring the evacuation, sheltering and feeding of all or part of the local population. Several facilities have been identified within the Kodiak urban road system. Shelter resources are summarized in general terms to facilitate decision-making while setting up shelters during an incident.

Traditionally, in Kodiak and elsewhere, schools have been identified as the best candidates to be primary shelters because of the size of the buildings, large number of usable rooms, sanitation facilities, cooking and eating facilities, and paid staff of substantial numbers.

Mass care shelters which have been identified in Kodiak include the following:

- Kodiak Island Borough School District (5 school buildings designated for sheltering.)
- National Guard Armory
- Kodiak Baptist Mission
- St. Mary's Parochial School

Agencies or organizations that may provide support services to local shelters include:

- The American Red Cross
- The Salvation Army

AMERICAN RED CROSS, KODIAK DISTRICT OFFICE

610 Mill Bay Road, Kodiak 99615

Phone – 486-4040 Disaster Team Pager – 486-7357

Fax – 486-4754

Description:

ARC is the primary shelter operator in Kodiak.

KODIAK ISLAND BOROUGH SCHOOL DISTRICT

710 Mill Bay Road, Kodiak 99615

Phone -- 486-9210, 486-9222

Description:

The Kodiak Island Borough School District is responsible for coordinating and maintaining mass care shelter capabilities at several of the schools in the district. The Maintenance and Operations Director administers the KIBSD sheltering program. The following schools have been identified as potential shelters in Kodiak.

- Kodiak High School - primary shelter for city and service area
- North Star Elementary School - primary shelter for city and service area
- Peterson Elementary School - primary shelter for Women's Bay and Coast Guard ISC
- East Elementary - secondary shelter for city and service area
- Main Elementary - secondary shelter for city and service area designated overflow for Providence Kodiak Medical Center

None of the KIBSD school shelters have a supply of cots or blankets. These resources must be obtained through the Red Cross, National Guard, U.S. Coast Guard ISC, or other sources (hotels, etc.).

ALASKA ARMY NATIONAL GUARD ARMORY

125 Powell Ave., Kodiak 99615

Phone – 486-3433

Description:

Alternate shelter facility with a few of their own cots and blankets on site. Limited bathroom and kitchen capacity. Space for 500 people but not enough cots.

ST. MARY'S SCHOOL

2932 Mill Bay Road, Kodiak, AK 99615

Phone -- 486-3513 or 486-5214 (convent after hours)

Description:

Parochial school with commercial kitchen (limited food), large gymnasium. Would require shelter resources from KIBSD or elsewhere.

KODIAK BAPTIST MISSION

1944 Rezanof Drive East, Kodiak, AK 99615

Phone – 486-4126

Description:

Church-owned retreat with several houses, small buildings, gymnasium, preschool, and a small commercial kitchen facility. The residences may be occupied, therefore available room will vary, with an absolute maximum occupancy of 50 evacuees. Mission is located below the 100 foot tsunami level, so it should NOT be considered for a tsunami evacuation shelter.

THE SALVATION ARMY

1855 Mission Road, Kodiak 99615

Phone – 486-8740

Description:

While the other shelter and support resources described in this section are focused on sheltering local citizens and evacuees during a Kodiak-area response, The Salvation Army is available to provide support to local rescue and emergency response personnel during a local emergency.

KODIAK ANIMAL SHELTER

2409 Mill Bay Road, Kodiak 99615

Phone – 486-8077

Description:

The Kodiak Animal Shelter can provide assistance with sheltering household pets and livestock during a local emergency. The Animal Shelter has a limited supply of emergency resources, and shelter personnel have training in emergency pet sheltering procedures.

SHELTER RESOURCES MATRIX

Use the information below as an at-a-glance reference to select potential mass care shelter location(s). Once a facility has been selected, use the contact information listed on the previous pages for information about opening the shelter. Refer to the end of this section for facility profiles and floor plans for all KIBSD facilities.

Section 7: Private Resources

Private resource, contractor, and vendor information is included in this plan to facilitate procurement of personnel, equipment, and services during an emergency.

The primary location to identify current private sector resources will be from the local phonebook as well as local knowledge from those in the EOC. The information that follows is intentionally generalized, to account for fluctuations in supply and resource availability. It is also important to recognize that the vendors and contractors listed in this section have NOT necessarily entered into purchasing agreements with the local government guaranteeing resource availability in a disaster. Therefore, the resources described may not be available in all emergencies.

This section includes information about the following types of resources and services:

- Food and Grocery
- Construction Contractors and Equipment
- Vessels and Marine Supply
- Fuel & Utilities
- Transportation (Ground & Air) and Storage
- Electronics, Communications, and Office Equipment
- Media
- Native Organizations
- Fishing and Environmental Groups

FOOD RESOURCES AND GENERAL SUPPLIES

STORES AND VENDORS

The following vendors are potential sources for general supplies and food resources, including tools, basic office supplies, clothing, over-the-counter medications, and other miscellaneous items.

NAME & LOCATION	PHONE CONTACT	GENERAL INVENTORY & COMMENTS
Wal-Mart 2911 Mill Bay Rd.	481-1670	Large discount retailer; dry goods, clothing, sporting goods, pharmacy, photo developing, office supplies.
Alaska Food For Less Downtown (Center Ave) Bells Flats (Rezanof W)	486-5761 487-2117	2 locations; downtown store full grocery, bulk food supplies, some general supplies. Cold & wet weather clothing. Bells Flats convenience store with limited food and general supplies. Downtown store & Bells Flats below tsunami inundation level.
Cost Savers 2616 Mill Bay Rd.	486-2418	Bulk food, office and general supplies, some office furniture. Cold & wet weather clothing. Inventory varies. Mini-warehouse store.
Safeway Food & Drug	486-6811	Full grocery store, some general & office supplies. Limited clothing. Gifts. Pharmacy & bank inside. Some catering.
Food Services of America	486-8503	Commercial food delivery. Do not maintain warehouse stock. Deliver food to local restaurants, schools, etc. as it comes in.
E & S Diversified Services (ISC Kodiak)	487-2457	Contract food supply/delivery for USCG base. All food storage on USCG base owned by ISC Kodiak.
USCG ISC Kodiak Exchange & Convenience Store	487-5102 487-5475	Medium sized military commissary and mini-mart convenience store. Some clothing. Commissary co-located with military exchange store (general, office & household/personal goods). Open to military personnel only. Large cold and dry storage facilities off-premises (on ISC property). Facilities below tsunami inundation levels.
Island Seafoods	486-8575	Seafood retail/wholesale. Store below tsunami inundation level.

RESTAURANTS AND TAKE OUT

There are a number of small to medium-sized restaurants in the Kodiak area, as well as a few fast food and takeout restaurants. Most restaurants in the area do not seat more than 50 diners at a time. However, restaurants may also be used as contract sources for bag lunches for field workers or as alternate dining facilities for IMT personnel and/or evacuees. For a complete (up-to-date) listing of restaurants and take-out food, consult the local yellow pages.

OTHER POSSIBLE FOOD SERVICE

The following organizations, though not dedicated as restaurants or food suppliers, do have commercial kitchens on-site and may be able to provide meals or bag lunches during an emergency.

- Kodiak Veterans of Foreign War (VFW) Hall - Monashka Bay 486-3195
- Elks Lodge Number 1772 - 102 Marine Way 486-1772
- American Legion Post Number 17 - Marine Way 486-3258 or 486-5757 or 486-8507

Section 8: Glossary and Acronyms

GLOSSARY

Term	Meaning
Alert	Informs people of impending danger.
Alpha Radiation.	The least penetrating type of nuclear radiation; can be stopped by thin materials, such as a sheet of paper, and pose no direct or external radiation threat. Alpha radiation is not considered dangerous unless alpha-contaminated particles are ingested or inhaled.
American Red Cross (ARC)	The national organization with a congressional mandate to undertake the relief of persons suffering from disaster.
Avalanche	A mass of sliding snow occurring in mountainous terrain where snow is deposited on slopes of 20 degrees or more.
Background Radiation	Natural radioactivity from the environment. Most background radiation results from cosmic radiation and from naturally occurring radioactive materials in the environment.
Bacteria	Single-celled organisms that multiply by cell division and can cause disease in humans, plants or animals. Examples include anthrax, cholera, plague, and tularemia.
Biological Agent	Living organisms, or the material derived from them, that harm or cause disease in humans, animals, or plants, or cause deterioration of material. Biological agents may be found as liquid droplets, aerosols, or dry powders. There are three different types of biological agents: bacteria, viruses, and toxins.
Blister Agent	A chemical agent, also called a vesicant, which causes severe blistering and burns to the eyes, skin, and tissues of the respiratory tract. Exposure is through liquid or vapor contact. Also referred to as mustard agents; examples include mustard and Lewisite.
Blood Agent	A chemical agent that interferes with cellular respiration (the exchange of oxygen and carbon dioxide between blood and tissues) and causes asphyxiation. Common examples are hydrogen cyanide and cyanogen chloride.
Chemical Agent	A chemical substance intended for use in military operations to kill, seriously injure, or incapacitate personnel through its physiological effects. Excluded from consideration are riot control agents, chemical herbicides, smoke, and flame.
Chemical Transportation Emergency Center (CHEMTREC)	Operated by the Chemical Manufacturers Association. Provides information and/or assistance to emergency responders. Can be reached 24 hours a day by calling 800-424-9300.
Chemical Weapon	The term "chemical weapon" means any weapon that is designed or intended to cause widespread death or serious bodily injury through the release, dissemination, or impact of toxic or poisonous chemicals or precursors of toxic or poisonous chemicals. (Sec 2332c)

Term	Meaning
Choking Agent	A chemical agent that causes damage to the tissues of the respiratory system and the eyes. In sufficient amounts, secondary infections can take place, and in higher concentrations, death occurs. A protective mask is sufficient to provide protection, provided that the atmosphere contains sufficient oxygen to support life.
Chronic Radiation Dose	A dose of ionizing radiation received either continuously or intermittently over a prolonged period of time. A chronic radiation dose may be high enough to cause radiation sickness and death, but if received at a low dose rate, a significant portion of the acute cellular damage will be repaired.
Civil Disorder	Riot, violent protest, demonstrations, illegal assembly.
Cold Zone	The clean area outside of the contamination control line. Equipment and personnel are not expected to become contaminated in this area. This is the area where resources are assembled to support the hazardous materials release response.
Combating Terrorism	Actions, including antiterrorism (defensive measures taken to reduce vulnerability to terrorist acts) and counter-terrorism (offensive measures taken to prevent, deter and respond to terrorism), taken to oppose terrorism throughout the entire threat spectrum.
Common Program Control Station (CPCS)	An element of the Emergency Alert System. The primary broadcast station in each operational area assigned the responsibility for coordinating the broadcasting of common emergency public information in that area.
Computer Aided Management of Emergency Operations (CAMEO)	Computer program developed by NOAA used to track data required under Title III of SARA.
Consequence Management	The response to a disaster, which focuses on alleviating damage, loss, hardship, or suffering. Actions include the measures to protect public health and safety, restore essential government services, and provide relief to governments, businesses, and individuals affected by the consequences of terrorism. The Federal Emergency Management Agency has the lead in consequence management.
Contamination	The deposit and/or absorption of radioactive material, biological agents, or chemical agents onto structures, areas, personnel, or objects; food and/or water made unfit for human or animal consumption by the presence of environmental chemicals, radioactive elements, bacteria or organisms in decomposing material (including the food substance itself), or waste in food or water.
Contamination Control	Procedures to avoid, reduce, remove or render harmless, temporarily or permanently, NBC contamination for the purpose of maintaining or enhancing the efficient conduct of military operations.
Contamination Reduction Corridor	That area within the Warm Zone where the actual decontamination is to take place.
Counter-terrorism	The full range of activities directed against terrorism, including preventive and crisis management efforts.

Term	Meaning
Crisis Management	The measures to identify, acquire, and plan the use of resources to anticipate, prevent, and/or resolve a threat or act of terrorism. The Federal Bureau of Investigation (FBI) is the lead federal agency for crisis management.
Damage Assessment	The appraisal or determination of the actual effects resulting from a disaster emergency. This estimate serves as the basis for the Governor's request for a Presidential Disaster Declaration.
Decontaminate	To absorb, break down, neutralize, or remove a chemical, biological or radioactive material posing a threat to equipment or personnel.
Disaster	Occurrence or imminent threat of wide spread or severe damage, injury, or loss of life or property resulting from a natural or man-made cause including: fire, flood, earthquake, landslide, mudslide, avalanche, wind-driven water, weather condition, tsunami, volcanic activity, epidemic, air contamination, blight, infestation, explosion, riot, or shortage of food, water, or fuel. the release of oil or a hazardous substance; if the release requires prompt action to avert environmental danger or damage; and equipment failure, if the failure is not a predictably frequent or recurring event or preventable by adequate equipment maintenance or operation (AS 26.23.900).
Disaster Emergency	The condition declared by proclamation of the governor or declared by the principal executive officer of a political subdivision to designate the imminence or occurrence of a disaster. (AS 26.23.900).
Disaster Recovery Center (DRC)	An office established in the disaster area where individual disaster victims may receive information concerning available assistance and apply for programs for which they are eligible. The DRC will house representatives of the Federal, State, and Local agencies that deal directly with the needs of individual victims.
Dissemination Devices	Mechanical devices which generally employ bursting, spraying, or exploding to spread NBC material and increase the potential number of people who may become contaminated or exposed to the material. These devices may produce a limited, local contaminated area or a larger downwind hazard area, depending on the amount of agent involved and the method of dispersal.
Drought	Prolonged period without rain.
Earthquake	A sudden motion of the ground, which may cause surface faulting (ground rupture) ground shaking, and ground failure.
Emergency	As defined at Title V of P.L. 93-288, Section 102(1), an emergency is any occasion or instance for which, in the determination of the President, federal assistance is needed to supplement state and local efforts and capabilities to save lives and to protect property and public health and safety. Title V includes authority for the President to direct federal agencies to provide emergency assistance to save lives and protect property and public health and safety for emergencies other than natural disasters. Under Title V, the President may direct the provision of emergency assistance either at the request of a Governor (Section 501(a)) or upon determination by the President that an emergency exists for which the primary responsibility for response rests with the United States (501(b)).
Emergency Alert System (EAS)	Consists of broadcasting radio; television; cable stations; and interconnecting facilities which have been authorized by the Federal Communications Commission to operate in a controlled manner during emergencies.

Term	Meaning
Emergency Decontamination	Decontamination employed to save lives by neutralizing agent from the skin.
Emergency Operations Center (EOC)	Facilities designated for use by governments to direct and manage disaster emergency operations.
Emergency Operations Plan (EOP)	A locally developed planning document which provides a minimum process to assess, mitigate, prepare for, respond to, and recover from disaster emergencies.
Emergency Response	A response effort by employees outside the immediate release area or by other designated responders (i.e., mutual aid groups, local fire departments, etc.) to an occurrence that results, or is likely to result, in an uncontrolled release of a hazardous substance. Responses to incidental releases of hazardous substances where the substance can be absorbed, neutralized, or otherwise controlled at the time of release by employees in the immediate release area or by maintenance personnel are not considered emergency responses. Responses to releases of hazardous substances where there is no potential safety or health hazard (i.e., fire, explosion, or chemical exposure) are not considered emergency responses.
Emergency Services Coordinator	The Kodiak Emergency Services Coordinator is the Kodiak Island Borough Community Development Director or designee. The coordinator chairs, organizes and leads quarterly Emergency Services Organization meetings and is in charge of record-keeping for that organization. The coordinator is the designated successor to the Emergency Services Director.
Emergency Services Council (ESC)	The group responsible for policy-level emergency services and disaster response decisions in Kodiak, consisting of the City of Kodiak mayor and manager, the Kodiak Island Borough mayor and manager, the Commanding Officer of the U.S. Coast Guard Integrated Support Command Kodiak, the Commanding Officer of the U.S. Coast Guard Air Station Kodiak, and the Detachment Commander of the Alaska State Troopers Kodiak ("C" Detachment) or their designees. The Council has the power to proclaim the existence of a local disaster, adopt mutual aid plans and agreements, and approve emergency response plans (Kodiak City Code Chapter 2.32 and Kodiak Island Borough Code Chapter 2.41). The Council functions as the Multi-agency Coordinating Group (MAC) in the Kodiak Incident Management Team organization, providing policy-level guidance and oversight to the Incident Commander, coordinating resource support between agencies or jurisdictions, and acting as a liaison with the public and with the elected officials of other affected or assisting jurisdictions.
Emergency Services Director (ESD)	The Kodiak Emergency Services Director is the City of Kodiak City Manager. The Director is the Chairperson of the Emergency Services Council and is empowered by local ordinance to request the Emergency Services Council to make a disaster declaration. During a disaster emergency, the ESD has the authority to make and issue rules, obtain vital supplies, oversee operations, require emergency service of city or borough employees and requisition necessary personnel or equipment from city or borough agencies. The ESD is qualified to act as Incident Commander in the Kodiak Incident Management Team.

Term	Meaning
Emergency Services Organization (ESO)	Regional emergency preparedness organization comprised of City of Kodiak personnel, Kodiak Island Borough personnel, representatives from other local, state, and federal government agencies, and volunteers from the public and from private organizations who are responsible for emergency planning and preparedness in Kodiak. The Emergency Services Organization operates under the direction of the Emergency Services Coordinator, and functions as the umbrella for the Local Emergency Planning Committee (LEPC). The Kodiak Emergency Services Coordinator leads the ESO.
Emergency Support Functions (ESF)	The Federal Response Plan (FRP) details 12 ESFs in place to coordinate operations during federal involvement in an incident: transportation, communications, public works and engineering, fire fighting, information and planning, mass care, resource support, health and medical services, urban search and rescue, hazardous materials, food, and energy.
Enemy Attack	Hostile action taken against the U.S. by foreign forces resulting in the destruction of military or civilian targets or both.
Energy Shortages	Shortage or interruption of vehicle fuel, heating oil, natural gas, or disruptions of electrical power.
Environmental Protection Agency (EPA)	The federal agency responsible for regulating air, water, hazardous waste, pesticides, and toxic substances.
Evacuation	The removal of potentially endangered, but not yet exposed, persons from an area threatened by a hazard. Entry into the evacuation area should not require special protective equipment.
Extremely Hazardous Substance (EHS)	In the text of SARA, Title III, EHS means any substance contained within the list of substances published by the Administrator of the U.S. Environmental Protection Agency. Otherwise known as the 302 Extremely Hazardous Substance List.
Facility Emergency	Facility representative for each Title III 302 facility with an EHS Coordinator in a quantity exceeding its threshold planning quantity (TPQ), who participates in the emergency planning process for that site.
Federal Coordinating Officer (FCO)	The person appointed by the President to coordinate federal Assistance in an emergency or disaster
Federal Emergency Management Agency (FEMA)	Agency established to oversee federal assistance to local government in the event of major disasters. Also administers the Emergency Management assistance program, which provides emergency management funds to local governments through the states.
Federal On-Scene Coordinator (FOSC)	Federal employee responsible for coordinating the on scene federal response in a multi-jurisdictional incident (often a hazardous materials incident or oil spill.) The FOSC is typically part of the Unified Command consisting of the local, state, and federal and, often the responsible party on-scene coordinators and will usually be a member of the U.S. Coast Guard or the Environmental Protection Agency.
Federal Response Plan (FRP)	Developed to expedite federal support to disasters. Generally, the FRP is activated when the state's resources are not sufficient to cope with a disaster and the governor has requested federal assistance.
Fire - Wildland	Any instance of uncontrolled burning in grasslands, brush, or woodlands.
Fire - Structural	Uncontrolled burning in residential, commercial, industrial, or other properties in developed areas.

Term	Meaning
Flood - Flash	Quickly rising small streams after heavy rain or rapid snow melt. (i.e. breakup ice jam flooding.)
Flood - Riverine	Periodic overbank flow of rivers and streams.
Flood - Urban	Overflow of storm sewer system usually due to poor drainage, following heavy rain or rapid snowmelt.
Flood - Coastal	Flooding along coastal areas associated with severe storms, hurricanes or other events.
Gamma Radiation	Gamma rays are high-energy, ionizing radiation that travel at the speed of light and have great penetrating power. They can cause skin burns, severely injure internal organs, and have long-term physiological effects.
Hazard	Any situation or condition that has the potential of causing injury to people or damage to property.
Hazardous Materials Release	Uncontrolled or unlicensed release of hazardous materials Incident during storage or use from a fixed facility or during transport outside a fixed facility that may impact the public health, safety, and/or environment.
Hazmat (Hazardous Material)	Any material which is explosive, flammable, poisonous, corrosive, reactive, or radioactive, or any combination, and requires special care in handling because of the hazards it poses to public health, safety, and/or the environment.
Hazardous substance	Any substance designated or listed under (A) through (D) of this definition, exposure at which results or may result in adverse effects on the health or safety of employees: (A) Any substance defined under section 101(14) of CERCLA; (B) Any biologic agent and other disease causing agent which after release into the environment and upon exposure, ingestion, inhalation, or assimilation into any person, either directly from the environment or indirectly by ingestion through food chains, will or may reasonably be anticipated to cause death, disease, behavioral abnormalities, cancer, genetic mutation, physiological malfunctions (including malfunctions in reproduction) or physical deformations in such persons or their offspring. (C) Any substance listed by the U. S. Department of Transportation as hazardous materials under 49 CFR 172.101; and (D) Hazardous waste as herein defined.
Hazardous Waste	A waste or combination of wastes as defined in 40 CFR 261.3, or those substances defined as hazardous wastes in 49 CFR 171.8.
Hazardous Waste Operations and Emergency Response (HAZWOPER)	Federal safety and health standards promulgated for hazardous waste operators and emergency response personnel by the Occupational Safety and Health Administration (OSHA) as authorized in SARA, Title I; otherwise known as 20 CFR 1910.120 final rule.
HAZMAT Team.	An organized group of employees, designated by the employer, who are expected to perform work to handle and control actual or potential leaks or spills of hazardous substances requiring possible close approach to the substance. The team members perform responses to releases or potential releases of hazardous substances for the purpose of control or stabilization of the incident. A HAZMAT team is not a fire brigade nor is a typical fire brigade a HAZMAT team. A HAZMAT team, however, may be a separate component of a fire brigade or fire department.

Term	Meaning
Hot Zone	That area immediately around a hazardous materials release. That area where contamination does or could occur. The innermost of the three zones of a hazmat site. Special protection is required for all personnel while in this zone.
Improvised Nuclear Device (IND)	An IND is defined as a device incorporating radioactive materials designed to result in the formation of an explosive nuclear yield. Such devices may be fabricated in a completely improvised manner or may result from the sabotage, seizure, theft, or loss of a US or foreign nuclear weapon.
Incident	An occurrence or event, either human-caused or natural phenomena, that requires action by emergency service personnel to prevent or minimize loss of life or damage to property and/or natural resources.
Incident Action Plan (IAP)	The Incident Action Plan, which is initially prepared at the first Planning Meeting, contains general control objectives reflecting the overall incident strategy, and specific action plans for the next operational period. The Incident Action Plans will have a number of attachments. All incidents require an action plan. For simple incidents the action plan is not usually in written form. Large or complex incidents will require that the action plan be documented in writing.
Incident Command Post (ICP)	Facility where the incident commander, responders, and technical representatives can make response decisions, deploy resources, and handle communications.
Incident Command System (ICS)	System which provides effective incident management through the combination of facilities, equipment, personnel, procedures, and communications operating within a common organizational structure to effectively accomplish stated objectives pertaining to an incident.
Incident Commander (IC)	The individual responsible for the management of all incident operations.
Incident Management Team (IMT)	A management team organized within the Incident Command System to effectively achieve stated incident objectives utilizing the five management functions required for response to all hazard, all risk incidents.
Integrated Emergency Management System (IEMS)	A broad, all hazard emergency management system which encompasses all the various types of emergencies, and addresses mitigation, preparedness, response, and recovery activities. It encourages the development of the common management functions required for response to emergencies of all types.
Integrated Support Command (ISC) Kodiak	The name of the U.S. Coast Guard facility in Kodiak, Alaska. Formerly referred to as the Coast Guard Support Center.
International Terrorism	Activities that involve violent acts or acts dangerous to human life that are a violation of the criminal laws of the United States or of any State, or that would be a criminal violation if committed within the jurisdiction of the United States or any State; appear to be intended - to intimidate or coerce a civilian population; to influence the policy of a government by intimidation or coercion; or, to affect the conduct of a government by assassination or kidnapping; and occur primarily outside the territorial jurisdiction or the United States, or transcend national boundaries in terms of the means by which they are accomplished, the persons they appear intended to intimidate or coerce, or the locale in which their perpetrators operate or seek asylum. (Sec 2331)

Term	Meaning
Joint Information Center (JIC)	The primary field location for the coordination of federal and state media relations, located in or near the DFO.
Joint Operations Center (JOC)	The center established by and under the direction of the FBI at or near the site of the event that serves as the nucleus for decision making, coordination, and overall management of ongoing operations. The JOC is an expansion of the on-scene FBI command post.
Landslide	A mass of sliding mud or rocks.
Local Emergency Planning Committee (LEPC)	The committee appointed by the Alaska State Emergency Response Commission, as required by Title III of SARA, AS 26.23.073, to perform local emergency planning and community right-to-know activities. Committees are appointed in each planning district in the state and are required to have representation from a variety of groups.
Local Emergency Planning District (LEPD)	The geographical area designated by the Alaska State Emergency Response Commission as the area in which plans must be developed for response to all disasters.
Local On-Scene Coordinator (LOSC)	The designated local community emergency response representative in a multi-jurisdictional incident. The Local On-Scene Coordinator is the Kodiak Emergency Services Director or designee. For oil spills and hazardous substance releases, the LOSC will represent the local government in the Unified Command potentially consisting of local, state, and federal on-scene coordinators as well as a Responsible Party on-scene coordinator.
Multi-Agency Coordination Group (MAC)	A Multi-agency Coordination (MAC) group is a group of agency administrators who come together, when the character and intensity of the emergency situation significantly impacts or involves multiple agencies and jurisdictions, for the intended purpose of improving interagency coordination and sharing resources at the top management level. The MAC group may execute the following duties: Setting priorities and policy-level incident objectives, acquiring/allocating resources, coordinating State and Federal disaster designations, providing a political interface with the incident activity, and coordinating information to other agencies and the public. In Kodiak, the Emergency Services Council fulfills the functions of a MAC Group.
Management by Objectives (MBO)	Top down management so that all involved know and understand the objectives of the operation.
Material Safety Data Sheet (MSDS)	Written or printed material concerning hazardous chemicals, including the manufacturer's name, the chemical's synonyms, trade name, chemical family, hazardous ingredients, physical data, fire and explosion hazard data, health hazard data, reactivity data, spill or leak procedures, special protection information, and special precautions.
National Emergency Coordination Center (NECC)	The FEMA facility which provides notification to headquarters and regional responders of implementation of the RFP.
National Warning System (NAWAS)	The Federal portion of the Civil Defense Warning System, used for the dissemination of warning and other emergency information from Federal and State warning points. It is a dedicated, nationwide, party-line telephone system operated on a 24-hour basis.

Term	Meaning
National Interagency Incident Management System (NIIMS)	A common system consisting of five major sub-systems that collectively provide a total systems approach to all risk incident management. The sub-systems are: <ul style="list-style-type: none"> - The Incident Command System - Standardized training - Qualifications and certification system - Publications management - Supporting technologies
National Response Team (NRT)	The national body responsible for coordinating Federal planning, preparedness, and response actions related to oil discharges and hazardous substance releases.
Nerve Agent	A chemical agent that interferes with the central nervous system. Exposure is primarily through contact with the liquid (skin and eyes) and secondarily through inhalation of the vapor. Examples of nerve agents are Sarin, Soman, Tabun, and VX agent.
Nuclear Incident	A nuclear incident is defined as any situation involving lost, stolen, missing, or the unauthorized possession of Special Nuclear Material, Controlled Nuclear Material, By-Product Material, Source Material, nuclear weapons, or components thereof. Nuclear incidents also include the use of improvised nuclear devices, radioactive dispersal devices, or the threatened use of such items, as defined by the Atomic Energy Act (AEA) of 1954, as amended.
Nuclear Radiation	Particulate and electromagnetic radiation emitted from atomic nuclei in various nuclear processes. The important forms of nuclear radiation, from a weapon standpoint, are alpha and beta particles, gamma rays, and neutrons. All nuclear radiation is ionizing radiation, but the reverse is not true; X-rays for example, are included among ionizing radiation, but they are not nuclear radiation since they do not originate from atomic nuclei.
Occupational Safety and Health Administration (OSHA)	Part of the U.S. Department of Labor. OSHA develops and enforces federal standards for occupational safety and health.
Personal Protective Equipment (PPE)	That equipment and clothing required to shield or isolate personnel from chemical, physical, and biological hazards.
Public Information Officer (PIO)	A member of the command staff, is responsible for the formulation and release of information about the incident to the news media and other appropriate agencies and organizations.
Presidential Decision Directive 39 (PPD-39)	Issued in June 1995, PPD-39, United States Policy on Counterterrorism, directed a number of measures to reduce the nation's vulnerability to terrorism, to deter and respond to terrorist acts, and to straighten capabilities to prevent and manage the consequences of terrorist use of nuclear, biological, and chemical weapons.
Primary Agency	The federal department or agency assigned primary responsibility to manage and coordinate a specific ESF. Primary agencies are designated on the basis of their having the most authorities, resources, capabilities, or expertise relative to accomplishment of the specific ESF support. Primary agencies are responsible for overall planning and coordination of the delivery of ESF-related federal assistance to their state counterparts in conjunction with their support agencies.

Term	Meaning
Radiation Dose	Total amount of ionizing radiation absorbed by material or tissues, commonly expressed in centigray. The term is often used as the exposure dose expressed in roentgens, which is a measure of the total amount of ionization that the quantity of radiation could produce in air. This should be distinguished from the absorbed radiation per gram of specified body tissue. Further, the biological dose, in rems, is a measure of the biological effectiveness of radiation exposure.
Radiation Dose Rate	The radiation dose (dosage) absorbed per unit of time.
Response	Activities to address the immediate and short-term effects of an emergency or disaster. Response includes immediate actions to save lives, protect property, and meet basic human needs. Based on the requirements of the situation, response assistance will be provided to an affected state under the Federal Response Plan using a partial activation of selected ESFs or the full activation of all ESFs to meet the needs of the situation.
Responsible Party On-Scene Coordinator (RPOSC)	Company employee responsible for coordinating the on-scene responsible party response to a hazardous materials or oil spill incident. The RPOSC will usually be an employee of the company causing the spill or the designated contractor to the spiller. The RPOSC may integrate with local, state, and federal on-scene coordinators in a Unified Command structure.
Robert T. Stafford Disaster Relief and Emergency Assistance Act, Public Law 93-288	Authorizes the federal government to respond to disasters and emergencies in order to help state and local governments save lives and to protect public health, safety and property.
Safe Refuge Area	An area within the contamination reduction zone for the assemblage of individuals who are witnesses to the hazardous materials incident or who were on site at the time of the spill. This assemblage will provide for the separation of contaminated persons from non-contaminated persons.
Salvation Army (The)	A religious and charitable organization, that in the event of a major disaster, mobilizes its personnel and resources to provide assistance to disaster victims and workers. Other aid provided includes food, clothing, shelter, and other needs as indicated.
State Coordinating Officer (SCO)	The representative of the governor who coordinates state response and recovery activities with those of the local and federal government.
Superfund Amendments and Reauthorization Act of 1986 (SARA)	The federal law that addresses various hazardous materials storage and remediation issues. Title I deals with health and safety issues for hazardous waste workers and emergency response personnel. Title III deals with emergency planning and community right-to-know provisions.
SARA Title III	The Emergency Planning and Community Right-to-Know Act of 1986 (Title III of the Superfund Amendments and Reauthorization Act of 1986) which specifies requirements for organizing the planning and community right-to-know process at the state and local level.

Term	Meaning
State On-Scene (SOSC)	State employee responsible for coordinating the on-scene state Coordinator response to a hazardous materials or oil spill incident. The SOSC will often represent the Alaska Department of Environmental Conservation and will work with the local, federal, and responsible party on-scene coordinators in the Unified Command.
Support Zone	The clean area outside of the contamination control line. Equipment and personnel are not expected to become contaminated in this area. This is the area where resources are assembled to support the hazardous materials operations.
Terrorism	The unlawful use of force against persons or property to intimidate or coerce a government, the civilian population or any segment thereof, in the furtherance of political or social objectives. This definition includes three elements: (1) Terrorist activities are illegal and involve the use of force. (2) The actions are intended to intimidate or coerce. (3) The actions are committed in support of political or social objectives.
Toxins	A class of biological poison resulting from the byproduct of living organisms. A toxin may be obtained naturally (from secretions of various living organisms) or synthesized.
Transportation Accident	An accident involving passenger air, highway, rail, or marine travel resulting in death or injury.
Triage	The screening and classification of sick, wounded, or injured persons to determine priority needs in order to ensure the efficient use of medical personnel, equipment and facilities.
Tsunami	Series of traveling ocean waves of great length and long period usually generated by submarine geophysical displacement. May or may not be preceded by an earthquake.
Unified Command	A command structure which provides for all agencies who have jurisdictional responsibility for the incident, either geographical or functional, to jointly manage an incident through a common set of incident objectives, strategy, and priorities. Members of the Unified Command are often referred to as on-scene coordinators from their respective agency or jurisdiction.
Virus	The simplest type of microorganism, lacking a system for its own metabolism. It depends on living cells to multiply and cannot live long outside of a host. Examples of diseases caused by viruses are smallpox and Ebola.
Volcano	An eruption from the earth's interior producing lava flows or violent explosions issuing rock, gases, and debris.
Warm Zone	That area between the Hot Zone and the Cold Zone. This zone contains the personnel decontamination station. This zone may require a lesser degree of personnel protection than the Hot Zone. This area separates the contaminated area from the clean area and acts as a buffer to reduce contamination of the clean area.
Warning	Notifies people of the imminent impact of a specific hazard, and protective actions that should be taken.
Weapons of Mass Destruction	In arms control usage, weapons capable of a high order of destruction and/or of being used in such a manner as to destroy large numbers of people; can be nuclear, chemical, biological, and radiological weapons.
Weather Extremes	Severe weather includes ice storm, blizzards, extreme cold, drought, and high winds.

LIST OF ACRONYMS AND ABBREVIATIONS

AADC	Alaska Aerospace Development Corporation
ABWE	Alaska Bureau of Wildlife Enforcement
AC	Military designator for hydrogen cyanide, a chemical blood agent
ADEC	Alaska Department of Environmental Conservation
ADHS&EM	Alaska Division of Homeland Security and Emergency Management
ADF&G	Alaska Department of Fish and Game (sometimes, ADFG)
ADNR	Alaska Department of Natural Resources
ADOTPF	Alaska Department of Transportation and Public Facilities
AirSTA	U.S. Coast Guard Air Station
ANFO	Ammonium Nitrate and Fuel Oil
ARC	American Red Cross
AST	Alaska State Troopers
ATWC	Alaska Tsunami Warning Center
BDC	Bomb Data Center
CAMEO	Computer Aided Management of Emergency Operations)
CAP	Civil Air Patrol
CCL	Contamination Control Line
CDC	Center for Disease Control and Prevention
CDD	Community Development Department (KIB)
CERCLA	Comprehensive Environmental Response, Compensation and Liability Act of 1980
CFR	Code of Federal Regulations
CG	Military designator for phosgene, a chemical choking agent
CHEMTREC	Chemical Transportation Emergency Center
CI	Cook Inlet
CISM	Critical Incident Stress Management
CISPRI	Cook Inlet Spill Prevention and Response, Inc.
CK	Military designator for cyanogen chloride, a chemical blood agent
ComSTA	U.S. Coast Guard Communications Station
CPCS	Common Program Control System
CST	Civil Support Team
CX	Military designator for phosgene oxime, a chemical blister agent
CWA	Chemical Warfare Agent
CWIRP	Chemical Weapons Improved Response Program
DHHS	Department Health and Human Services (also HHS - Health and Human Services)
DHS	Department of Homeland Security (US)
DHSS	Department of Health and Social Services (State of Alaska)
DMAT	Disaster Medical Assistance Teams
DMVA	Department of Military and Veteran Affairs (Alaska)
DOD	Department of Defense
DOE	Department of Energy
DRC	Disaster Recovery Center
DWH	Downwind Hazard
EAS	Emergency Alert System
EHS	Extremely hazardous substance
EOC	Emergency Operations Center

EOD	Explosive Ordnance Disposal
EOP	Emergency Operations Plan
EMS	Emergency Medical Service
EMSS	Emergency Medical Services Section (part of DHSS)
EMT	Emergency Medical Technician
EPA	Environmental Protection Agency
EPCRA	Emergency Planning and Community Right-to-Know Act of 1986
ERT	Emergency Response Team
ESC	Emergency Services Council
ESD	Emergency Services Director
ESF	Emergency Support Function
ESO	Emergency Services Organization
FAA	Federal Aviation Administration
FBI	Federal Bureau of Investigation
FCO	Federal Coordinating Officer
FEMA	Federal Emergency Management Agency
FFPE	Firefighters Protective Ensemble
FOSC	Federal On-Scene Coordinator
FRP	Federal Response Plan
GA	Military designator for Tabun, a chemical nerve agent
GAO	Government Accounting Office
GB	Military designator for Sarin, a chemical nerve agent
GD	Military designator for Soman, a chemical nerve agent
GF	Military designator for a chemical nerve agent
GOA	Gulf of Alaska
HAZMAT	Hazardous Materials
HAZWOPER	Hazardous Waste Operations and Emergency Response
HD	Military designator for distilled mustard, a chemical blister agent
HEPA	High Efficiency Particulate Air (filter)
HHS	Health and Human Services (also DHHS - Department of Health and Human Services)
HMRU	Hazardous Material Response Unit
HN	Military designator for nitrogen mustard, a chemical blister agent
IAP	Incident Action Plan
IC	Incident Commander
ICP	Incident Command Post
ICS	Incident Command System
IEMS	Integrated Emergency Management System
IMT	Incident Management Team
IND	Improvised Nuclear Device
ISC	Integrated Support Command (U.S. Coast Guard facility, Kodiak)
JIC	Joint Information Center
JOC	Joint Operations Center
KANA	Kodiak Area Native Association
KARES	Kodiak Amateur Radio Emergency Services
KEOP	Kodiak Emergency Operations Plan
KIB	Kodiak Island Borough
KIBSD	Kodiak Island Borough School District
KISAR	Kodiak Island Search and Rescue

KLC	Kodiak Launch Center
KPD	Kodiak Police Department
KSCP	Kodiak Subarea Oil Spill Contingency Plan
L	Military designator for Lewisite, a chemical blister agent
LEPC	Local Emergency Planning Committee
LEPD	Local Emergency Planning District
LOSC	Local On-Scene Coordinator
MAC	Multi-Agency Coordinating (Group)
MIST	Man-in-Simulant Trials
MBO	Management by objectives
MSDS	Material Safety Data Sheets
NAWAS	National Warning System
NBC	Nuclear, Biological, and Chemical
NDPO	National Domestic Preparedness Office
NECC	National Emergency Coordination Center
NIIMS	National Interagency Incident Management System
NRT	National Response Team
NTH	National Terrorism Hotline
NOAA	National Oceanic and Atmospheric Administration
NTSB	National Transportation Safety Board
NWS	National Weather Service
ODPCP	Oil Discharge Prevention and Contingency Plan (State of Alaska)
OEM	Office of Emergency Management
OHS	Office of Homeland Security (Alaska)
OJP	Office of Justice Programs
OSHA	Occupational Safety and Health Administration
PDD	Presidential Decision Directive
PF	Protection Factor
PIO	Public Information Officer
PKIMC	Providence Kodiak Island Medical Center
POC	Point of Contact
PPE	Personal Protective Equipment
PPV	Positive Pressure Ventilation
PTE	Potential Threat Element
PWS	Prince William Sound
RCRA	Resource Conservation Recovery Act of 1976
RP	Responsible Party
RPOSC	Responsible Party On-Scene Coordinator
RRIS	Rapid Response Information System
SARA	Superfund Amendments and Reauthorization Act of 1986
SBCCOM	(US Army) Soldier, Biological, and Chemical Command
SCBA	Self-contained Breathing Apparatus
SCO	State Coordinating Officer
SCP	Subarea Oil Spill Contingency Plan
SECC	State Emergency Coordination Center
SERC	State Emergency Response Commission
SPCC	Spill Prevention, Control, and Countermeasures (plan)
SOP	Standard Operating Procedures
SOSC	State On-Scene Coordinator

T³	Triage, Treatment, and Transportation
TIA	Terrorism Incident Annex
USCG	United States Coast Guard
VRP	Vessel Response Plan
VX	Military designator for a chemical nerve agent
WMD	Weapon(s) of Mass Destruction
