SEASON FORMAT

This would be the first initial year that Senior Dribblers has made its comeback since the mid-2000's. We are currently hoping we can see participant numbers in our registration to be able to run the program, and are looking to start this year with an all-volunteer staff that will include: volunteer coaches, volunteer table officials, volunteer floor officials. We envision to host practices at least twice a week per division with scrimmages on Saturdays for experience for about 6-7 weeks. Splitting teams as even as possible at the end of the regular season to host a tournament. The season is tentative to start on March 25th and will be

determined based on registration and volunteer numbers. For additional questions, please contact Czarina Arbues at carbues@city.kodiak.ak.us
